

When using the logo on an image or on a solid field of color, it is recommended to reverse it out in white.

The Utah Film Commission logo should remain legible and free from distractions. no type, symbols, or marks of any kind should intrude in the clear space.

Proper logo size is vital in maintaining readability. Make sure the logo is applied at a confident size. It should never be overpowering or understated.

This logo may only be used with permission of the Utah Film Commission. Any placement of this logo on print, digital or other media must also be approved by the Utah Film Commission prior to release of repsective materials.
